Unleash Sport Industry Potential and Explore a Thriving Sports Marketplace

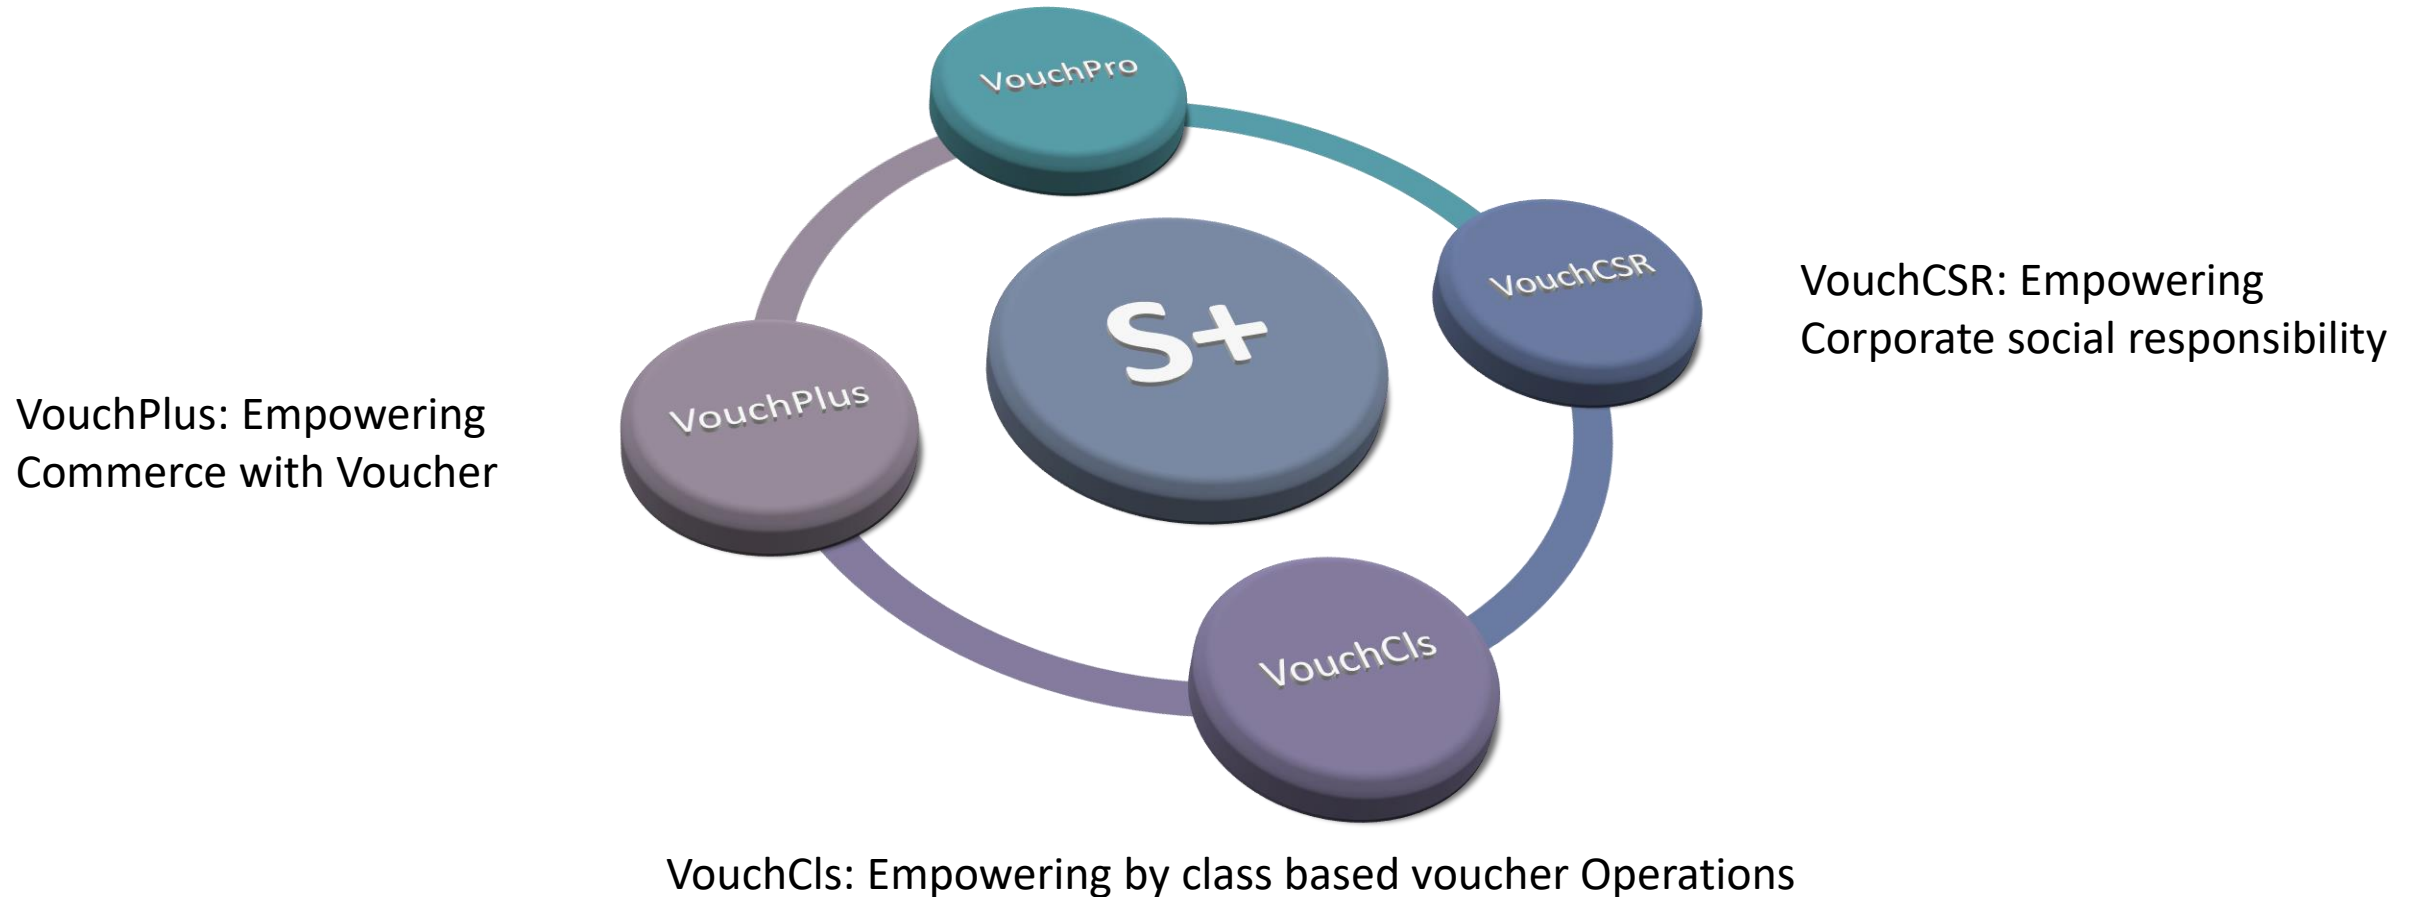

# SPORT-A-TOUS

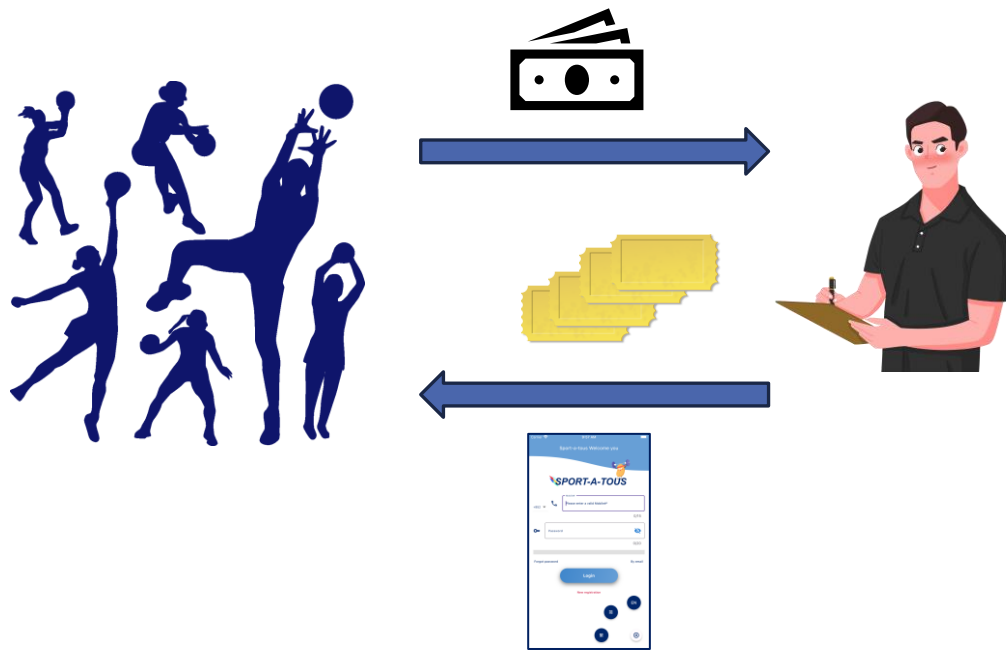

## e-Vouchering system

---

# Sport Pro / Centre use e-vouchers to ease their administrative burden

## **VouchPro**: Empowering Businesses with Voucher-Based Operations

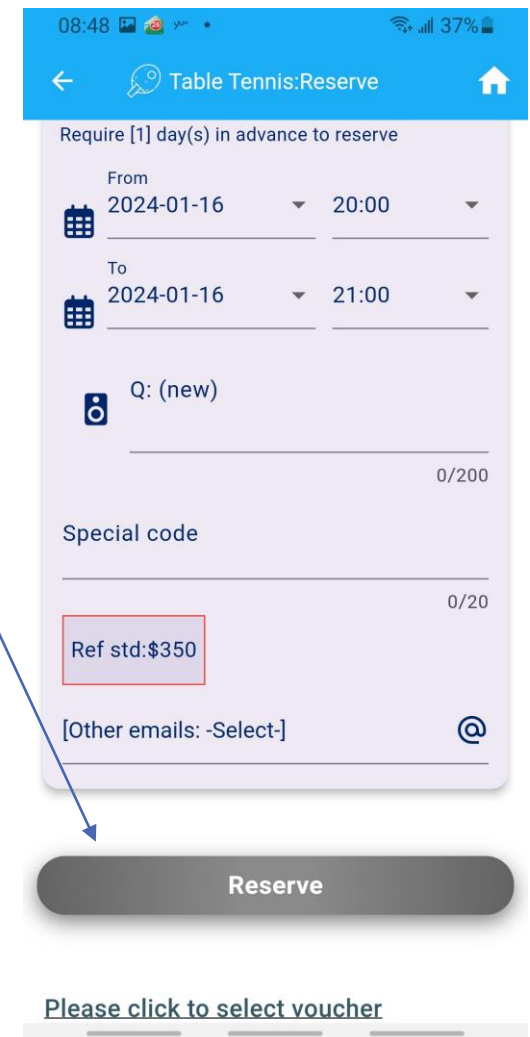

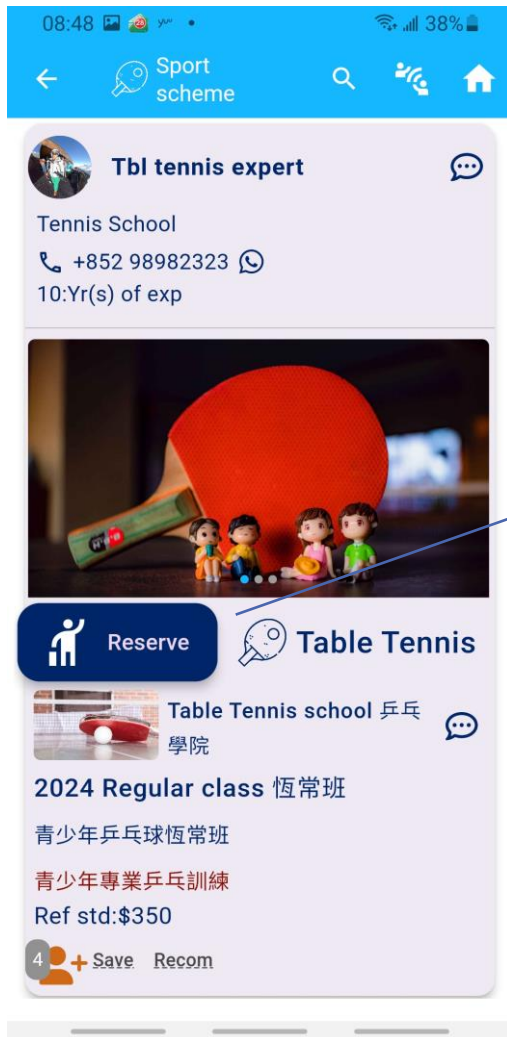

## Optimized workflow to simplify the payment and booking process

1. Payment and e-Voucher Issuance: Customers make payments directly to the coaches (outside of the App). Upon receiving payment, coaches issue e-Vouchers with expiry dates within (n) months by the App.
2. Booking through the App: Customers can easily book classes using the e-Vouchers within the validity period through the app.
3. Automatic Record-Keeping: The app automatically records customers' bookings, eliminating the need for manual tracking by coaches and centers.
4. Coaches' Performance Measurement: Coaches' performance is easily measured using various metrics such as customer feedback ratings and booking rates.

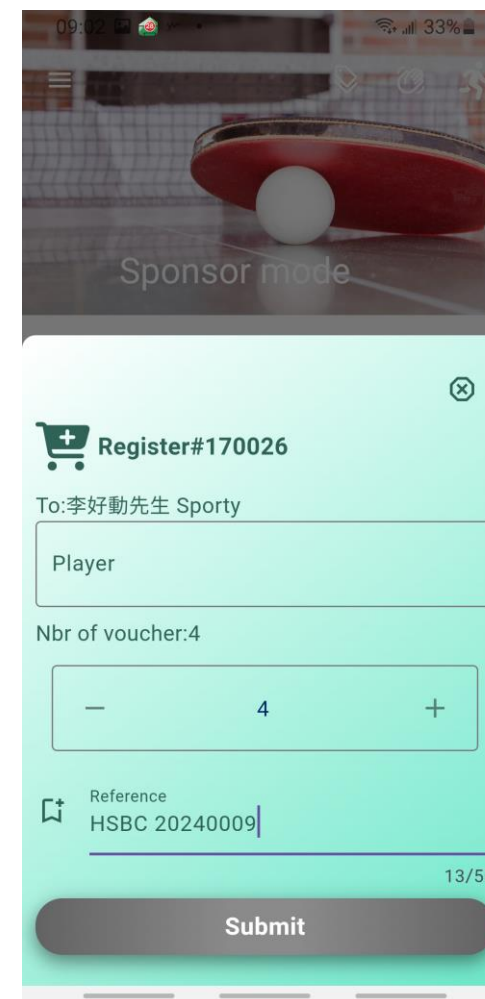

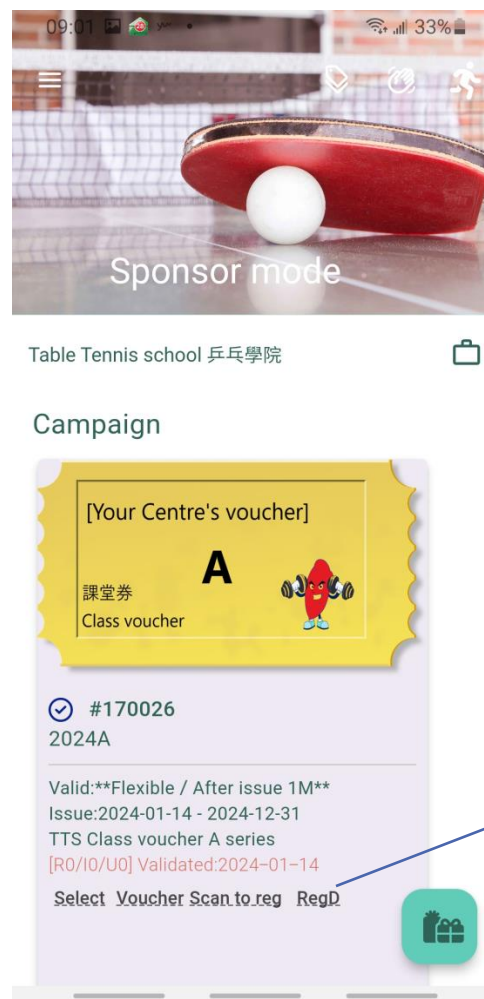

# Streamlined

**Player** found your scheme and make a request for reservation

Upon received  
payment, **coach**  
issues e-Voucher

Once **Player** got the e-voucher and he/she will re-enter back to that booking

Once booking  
updated with e-  
voucher, **coach**  
can confirm the  
booking

**Coach** has the flexibility to confirm a booking even without requiring a voucher, at their discretion

**Player** can book the rest of classes using their e-Voucher from their wallet

**Coach** can easily monitor the utilization of e-Vouchers

In order to generate e-Vouchers using VouchPro, **coach** is necessary to create campaigns within the system, each with a specific set of rules. Multiple campaigns may need to be created to accommodate different rule sets.
