In Sponsor Mode, please click on the icon below to create a new campaign. Alternatively, you can select from one of the existing campaigns and press "select" to make amendments.

You have the flexibility to maintain multiple campaign records simultaneously. For instance, you can create three distinct campaigns: one aimed at issuing HK\$50 vouchers, another targeting HK\$100 vouchers, and a third campaign focused on offering Sport Class Experience Vouchers. This allows you to effectively manage and promote various promotional initiatives simultaneously.
